## SUMMARY

Passionate Full Stack Web Developer with background in creativity and science. Experienced self-starter thrives in quick-moving companies where practical food industry experience and collaboration are valued. Freelance food stylist career consisted of developing, testing, revising, finalizing, and ultimately styling the recipes, a process which directly translates to coding. Maintains the big picture while working independently or on a team. Honest communication between and having fun with team members is the best way to get the job done.

## TECHNICAL SKILLS

Experience including but not limited to HTML/CSS, JavaScript, Node, MySQL/Mongo DB, React.js, Mobile-First Design
